The Act gives effect to the provisions of Section 32 of the Constitution, which provides for the right of access to information held by the State and to information held by another person that is required for the exercise and / or protection of any right.

The reference to any information in addition to that specifically required in terms of Section 51 of the Act does not create any right or entitlement (contractual or otherwise) to receive such information, other than in terms of the Act.

1 IIS OVERVIEW
